STANDARDS & CERTIFICATIONS

SGS Certificate GB19/963767

CE Certified to protection level:

 Type 5 - Barrier to airborne particulate materials and dust (EN ISO 13982-1:2004)

 Type 6 - Barrier to limited splash and liquid spray (EN 13034:2005)

The Pro-Val Hazguard SMS are a premium, triple layer coverall made from Non Woven Polypropylene, Spunbond, Meltblown and Spunbond. The triple layer matrix acts like a filter to keep out smaller particles like asbestos.

The Hazguard SMS is designed for a barrier to airborne particulate materials and dust (Type 5) and a barrier to limited splash and liquid spray (Type 6).

The Hazguard SMS is water resistant and lightweight but also features added strength and tear resistance due to its triple layer construction.

STORAGE

This garment should be stored in accordance with normal storage practice and disposed of without harm to the environment. Restrictions on the disposal depend solely on the contamination during use.
